Trip On Love

Des'ree

Mommy loves you, daddy loves you, ain't that good?
Beauty's on your side
I'll always be there for you like I said I would
There's sadness in your eyes
Deeper than a river you inspire me
In your light I shine, oh yeah
Trip on with me baby, we'll walk through the trees
Our love's a natural high, our love's a natural high
Trip on, trip on love, trip on me
Trip on, trip on all the possibilities
Trip on, trip on love, trip on me
Trip on the sweetness of love's destiny
Of all the good things in your life, my love is free
You wanna take a ride?
In the noon tide hour love runs over me
Take me to the sky
Trip on, trip on love, trip on me
Trip on, trip on all the possibilities
Trip on, trip on love, trip on me
Trip on the sweetness of love's destiny
Trip on, trip on love, trip on me
Trip on, trip on all the possibilities
Trip on, trip on love, trip on me
Trip on
Trip on love
Trip on love
Trip on love
Trip on love
Pulses race, anticipate what dusk will bring
I see it in your smile, oh baby
Bodies ache and celebrate, now souls can sing
Our love's a natural high, our love's a natural high
Trip on, trip on love, trip on me
Trip on, trip on all the possibilities
Trip on, trip on love, trip on me
Trip on love's sweetness
Trip on, trip on love, trip on me
Trip on, trip on all the possibilities
Trip on, trip on love, trip on me

Trip on
Trip on love
Trip on love
Trip on love
Trip on love
