

# Light Years Away (Album Version)

## MoZella

It's almost like you had it planned  
It's like you smiled and shook my hand  
And said "Hey, I'm about to screw you  
Over big time"  
And what was I supposed to do  
I was stuck in between you  
In a hard place  
We won't talk about  
The hard place But I don't blame you anymore  
Thats too much pain to store  
It left me half dead  
Inside my head  
And boy, looking back I see  
I'm not the girl I used to be  
When I lost my mind  
It saved my life It's how you wanted it to be  
It's like you played a joke on me  
And I lost a friend in the end And I think that I cried for days  
But now that seems light years away  
And I'm never going back  
To who I was 'Cuz I don't blame you anymore  
Thats too much pain to store  
It left me half dead  
Inside my head  
And boy, looking back I see  
I'm not the girl I used to be  
When I lost my mind  
It saved my life I think I cried for days  
But now that seems light years away  
And I'm never going back  
To who I was 'Cuz I don't blame you anymore  
Thats too much pain to store  
It left me half dead  
Inside my head  
And boy, looking back I see  
I'm not the girl I used to be  
When I lost my mind  
It saved my life That life seems like  
Light years away, light years away And that life seems like

Light years away, light years away
