

# Tangerine

## Moist

The flowers that I gave you  
Dying slowly on the wall  
The broken fragments of opinion  
As the dirty start to fall I'm not as careful as I should have been  
I might not disagree  
But for the ignorance of everyone  
Opinion gone to waste Have you been this far? Tangerine the bullet made you  
Justifies the one who saves you  
Laid him here and love to see him waste away Tangerine like a rocket  
Cracked the cock into the socket  
Only if you'd love to see him waste away The purposeful delusions  
Of this weakness will dissolve  
The broken promise revidescant  
As the anger start to crawl I'm just as frightened as I've always been  
I might not disagree  
But for the ignorance of everyone  
Opinion starts to fall apart Have you been this far?  
And have you been this far? Tangerine the bullet made you  
Justifies the one who saves you  
Laid him here and love to see her waste away Tangerine like a rocket  
Cracked the cock into the socket  
Only if you'd love to see him waste away Cause you're a child, and that's alright  
To let my deep blue sickness smother you with lies  
And if I'm low, it gets me high  
And we will shrivel up and waste away  
Beneath the evening tide Have you been this far? Tangerine the bullet made you  
Justifies the one who saves you  
Laid him here and love to see him waste away Tangerine like a rocket  
Cracked the cock into the socket  
Only if you'd love to see him waste away Tangerine the bullet made you  
Justifies the one who saves you  
Laid him here and love to see him waste away Tangerine like a rocket  
Cracked the cock into the socket  
Only if you'd love to see him waste away
