

# Our Days

Yanni

Our Days Performed by Leslie Mills

What's underneath the warmest water  
What's in your dreams that's like no other  
Are you alone  
Are you alright now

Let your secrets out  
Let me just find out

Look into my eyes  
Leave it all behind

Let's get in the deep  
Look into my eyes  
Let's get in the deep  
Leave the rest behind  
Let's get in the deep  
And see what we can find
