Dark Emperor

Domine

I remember the day he came
the sun had fallen
never to rise again
out of the bayss he came
and broke the mountains side
a shadow and a flame
a power from beyond the grave
Black is his tower
dark is his throne
blood stained's the crown
blood's stained the swordYou must live your life undr
his iron fist
do not dare to see
the eyes of the...[chorus]
Dark Emperor,death by his side
children keep in the shadow
of his terror
freedom a memory of
forgotten days
Dark Emperor,ruler of the land[chorus]
