

Better and Worse

Clint Black

Verse One:I've been better, I've been worse,
I've been blessed, and I've been cursed,
Ain't dead last, and I ain't in first,
Not everything's gonna go my way,Verse Two:I've been better, I've been worse,
I'm right on purpose and unrehearsed,
Singing into chorus, when I need more verse,
Not everything's gonna go my way,Chorus:So I push too hard, and lean too far,
Thinkin' I can have it all,
Then I stumble just a little, I end up in the middle,
Thanking God Almighty I didn't lose it all,
I've been better, I've been worse,
I can do without the doctor but I need my nurse,
My heart's beatin' steady, but it's in reverse,
Not everything's gonna go my way,Chorus Two:So I push too hard, and lean too far,
Thinkin' I can have it all,
Then I stumble just a little, and I end up in the middle,
Banging my head against a brand new wall,
I've been better, I've been worse,
I got a yen-yang thing and a tie for first,
I guess I ain't the center of the universe,
Not everything's gonna go my way,I've been worse, I text with the best but I can't converse,
I got a little money but its in..... HER PURSE,
Not everything's gonna go my way.
