

It Nah Go Don

Siddy Ranks

make hay while the sun is shining,tommorow may be a promise to no one
my brothers in de ghetto are suffering,the children dying out for hunger

its nah go don

its nah go don

its nah go don

such all and you shall find him

knock all and it shall be open unto you

and call and dont get weary,tommorow may be a promise to no one

nah go don

nah go don

nah go don

nah go don
