Who I Am

Hidell

Up and down
Pass it around
Smile and say
This is where is want to be
In the crowd
They'll make you proud
I'll smile and say
This is where you want to be

Well I can't believe
This is me

Well I was just living a dream
Of what I want to be
What I wanted to see in me
But I know what to believe
In who I am
What I'm gonna be

Up and down
Turn it around
It's not ok
I swear I'm gonna leave you this town
I'll smile and say
It's time for me to leave

Well I can't believe
That was me
