When I Fall In Love

Lil Suzy

(Chorus)When I fall in love,
I'm falling in love;
nothing in this world could take you away.
'cause when I fall in love,I'm falling in love,
baby don't you know I'm always here to stay.
I'm always here to stay.Go ahead,
go ahead,
our days,
I've got nothing else to say.Before you loose control,
take my body and my soul.
I will give myself to you,
so tell me that your love is true.
Give me love I've never heard, don't turn your back.'cause when I hold you close to me,
I can't let go.
I've fallen under your spell;
I got to let you know.That when I hear your voice,
I know I won't let go.
My love is for real, so baby,
please don't go.(Chorus)All of me, all of me for you,
no time to waste, got things to do.
Don't even deny the way we feel,
my heart is true, my love is real.Fall in love with me tonight,
I'll do the best to make things right.
Tell me that you're here to stay,
you take my breath away.'cause when I hold you close to me,
I can't let go.
I've fallen under your spell;
I got to let you know.That when I hear your voice,
I know I won't let go.
My love is for real, so baby,
please don't go.(Chorus)And I know that you need,
someone to take your heart away.
And I know that I need,
I need you here to stay with me.'cause when I hold you close to me,
I can't let go.
I've fallen under your spell;
I got to let you know.That when I hear your voice,
I know I won't let go.
My love is for real, so baby,

please don't go.(Chorus)When I fall in love,
when I fall in love,
there's nothing my love can't do for you.When I fall in love,
when I fall in love,
there's nothing my love can't do.And I know that you need,
someone to take your heart away.
And I know that I need,
I need you here to stay with me.
