## Indigo Girls

Baby, I've got the best intentions  
I just can't do it  
Baby, I've got the truest day  
But I just can't win  
Baby, I've got a good vibration  
But I just can't play it  
Baby, I spent my only fortune  
On the wages of sin  
But you, you gotta be extra forgiving  
And you gotta be  
Super strong  
You gotta be  
A true romantic  
I want you to look the other way  
Everything goes wrong  
Baby, if you took all the good stuff and you put it all together  
And you took all the bad stuff and you threw it all away

Would I still be the boy that rocks your world

Trouble on the chaos  
If you get bored  
Since you walked away  
Remember what I told you  
When the night was darkest  
You can leave me all you need to  
Baby I'm here to stay  
Baby, I'm gonna be extra forgiving  
And I'm gonna be super strong  
Cuz baby, I  
I'm a true romantic  
I'm gonna look the other way  
When everything goes wrong  
I
