Dear Santa

Shelley Duvall

Oh, oh, yeah, dear Santa, dear Santa
Santa please don't forget me tonight
I've been acting real good doing all that I should
That I should have done everything rightDear Santa, dear Santa
Could you bring your joy to the world
Don't leave out any place put a smile
On the face of every little boy and girlSanta I know that you'll read every word
So I'm writing this letter to you
My Christmas wish is for peace on the earth
Oh, I know you can make it come trueDear Santa, dear Santa
Spread some happiness from high up above
As you soar through the sky with your Reindeer that fly
Fillin' every single heart with love, mmSanta I know that your well on your way
Better hurry 'cause it's Christmas Eve
Tomorrow I'll wake to that magical day
When everybody believesDear Santa, dear Santa
I can already feel the good cheer
There's a change in the air lots of hope everywhere
That's way Christmas is my favorite time of yearThank you Santa oh, thank you Santa
Thank you Santa oh, thank you SantaThere's just one more thing that I wanna do
I wanna say Merry Christmas dear Santa to you
With all the joy you bring and all that you do
I wanna say Merry Christmas dear Santa to youThere's just one more thing that I wanna do
I wanna say Merry Christmas dear Santa to you
With all the joy you bring and all that you do
I wanna say Merry Christmas dear Santa to youThere's just one more thing that I wanna do
I wanna say Merry Christmas dear Santa to you
(Thank you Santa, oh thank you Santa)
