

All Day Long

Brad Nailer

G C D

1.

Youâ€™re my boss
Yes itâ€™s true
But the only way
I can work for you
Is to imagine you kissing my fat ass
All day long

So Iâ€™ve got your picture
In my wallet
And I sit on your face
All day long
All day long

Chorus

All day long
I imagine your lips pressed against my cheek
And I send you a little fart
Every once in a while
All day long
All day long
I think itâ€™s pretty sweet
That I can make you kiss my fat ass
All day long

2.

The only way I can do this job
And you may think itâ€™s a little weird
Is to have a picture of my boss
Snugged up in my ass beard

All day long
All day long
All day long
All day long
All day long
All day long
All day long
