

# Sunflowers

## Painface

I know where you go  
When you want to fall  
Why do you want to be broken?  
I know where you go  
When you want to fall  
Yes, your friends  
They tell me everything  
Yes, I know where you go  
Yes, I know what you do  
Yes, I know the awful things you say  
And who you say them to  
Yes, I know where you go  
Yes, I know what you do  
I know how you feel  
You get crazy inside  
They say it runs in the family  
I know just how you feel  
When you get crazy inside  
Your mom she said  
That you are just like me  
I can see it in your eyes  
I can see your shaky hands  
Yes, I think you think I'm stupid  
You don't think I understand  
Yes, I see you and I see myself  
When I was a younger man  
When you were a child  
You were happy and free  
You were my reason to live  
I would die when you smiled at me  
I can still see you  
I remember you painting  
Sunflowers in your room  
I know where you go  
When you want to fall  
Hey don't you want to be happy? Yeah

I know where you go  
When you want to fall

Your useless friends  
They tell me everything, everything  
I see you run around in circles  
I see you digging your own hole  
I see you fight the fights  
You just can't win  
I see you losing self-control  
What it does to me  
Deep down inside  
I hope you will never know  
When you were a child  
You were happy and free  
You were my reason to live  
I would die when you smiled at me  
I can still see you  
Painting flowers on the wall  
I remember you happy  
I remember it all  
When you were a child  
You were happy and free  
You were my reason to live  
I would die when you smiled at me  
I can still see you  
I remember you painting  
Sunflowers in your room  
Sunflowers in your room  
Sunflowers in your room  
All I want to remember  
Pretty pictures on the wall  
I remember you happy  
I remember it all  
All I want to remember  
Sunflowers in your room  
Sunflowers in your room  
Sunflowers in your room  
Sunflowers in your room
