Torture

Rival Sons

You know, you know
You know that it's torture
The sweetest words you whisper in my ear
'Cause you know what I wanna hear
The way you hold me like it's something real
'Cause you know what I wanna feel
It takes two to lie
One to lie and one to listen
Empty promises are wearin' thin
Ohhh...
Stop
What you're doin' to me
Stop
Like an arrow through me
Stop
This is torture to me
'Cause it's gotta be all or it's nothing at all
I'm tellin' you to stop
This is torture to me
You know that it's torture
I lose control when you're touchin' me
'Cause you know what I really need
But I need more than physicality
So you know how it's gotta be
It takes two to lie
One to lie but I'm done listenin'
If you're heart's half in it then we're finished
Ohhh...
Stop
What you're doin' to me
Stop
Like an arrow through me
Stop
This is torture to me (Torture to me)
'Cause it's gotta be all or it's nothing at all
I'm tellin' you to stop
This is torture to me

You know that it's torture

Can't keep goin' through this
Can't keep on leadin' me on
Why you bein' so elusive?
You're in or you're out
There's no middle ground
Ohhh... no
It's killin' me, it's killin' me
You know that it's torture (This is torture)
It's killin' me, it's killin' me (It's killin' me)
You know that it's torture
I lose control when you're touchin' me
'Cause you know what I really need
But I need more than physicality
Ohhhh...
Stop
What you're doin' to me (Stop what you're doin' to me)
Stop
Like an arrow through me
Stop
This is torture to me (This is torture to me)
'Cause it's gotta be all or it's nothing at all (Ohhh...)
I'm tellin' you to stop
What you're doin' to me
Stop
Like an arrow through me
Stop
This is torture to me (Torture, torture, you know that it's torture)
'Cause it's gotta be all or it's nothing at all (Nothing at all)
I'm tellin' you to stop
This is torture to me (Torture to me)
You know that it's torture
It's killin' me, it's killin' me
You know that it's torture (Know that it's torture)
It's killin' me, it's killin' me (it's killin' me)
You know that it's torture (Torture)
It's killin' me, it's killin' me
(This is torture to me) You know that it's torture
It's killin' me, it's killin' me (This is torture to me)
You know that it's torture
