

Ghost

Phish

I feel I never told you
The story of the ghost
That I once knew and talked to
Of whom I'd never boastFor this was my big secret
How I'd get ahead
And never have to worry
I'd call him insteadHis answer came in actions
He never spoke a word
Or maybe I laid down the phone
Before he could be heardI somehow feel forsaken
Like he had closed the door
I guess I just stopped needing him
As much as once beforeBut maybe he's still with me
The latch was left unhooked
He's waiting in the wind and rain
I simply haven't lookedI feel I never told you
The story of the ghost
I feel I never told you
The story of the ghostI feel I never told you
The story of the ghost
I feel I never told you
The story of the ghostI feel I never told you
The story of the ghost
I feel I never told you
The story of the ghost
