

I'm Missing You

[Meja](#)

I miss your love since you've been gone
I find it hard to go on
The summer sky don't mean a thing
I thought I'd always be strong I got a feeling inside
And it's making my heart cry 'cause
Chorus:
I'm missing you
And it's making me blue, yeah
I'm missing you but what can I do?
Thousand miles away from you II.
So here I am, and every thing's new
I should be happy in love
But all I know, I look deep in my eyes
I've never felt so alone And this feeling inside
It's making my heart cry 'cause
Chorus:
I'm missing you
And it's making me blue, yeah
I'm missing you but what can I do?
Thousand miles away So what's the meaning of this
To be living like this, it ain't no fun at all
I wonder where are you now
(I wonder where are you now) I miss your love since you been gone
I find it hard to go on
And this feeling inside
I just break down and cry (repeat chorus)
