

# Show Me

## DJ Encore

Won't you tell me  
If we're heading for a fall  
Are we still confused at all  
Won't you tell me tonight  
If we can move a little closer  
If we can get a little deeper  
We'll be complete You got to show me, assure me  
Nothing will go wrong  
You got to show me  
Why you're holding on You've got to show me, assure me  
Nothing will go wrong  
You've got to show me  
Why you're holding on Maybe you think it's not enough  
Can't you see I'm trying hard  
To be open tonight  
If we get a little closer  
If we get a little deeper  
We'll be complete You got to show me, assure me  
Nothing will go wrong  
You got to show me  
Why you're holding on You got to show me  
You got to show me  
You got to show me  
You got to show You got to show me, assure me  
Nothing will go wrong  
You got to show me  
Why you're holding on
