Heartbeats Accelerating

Kate & Anna McGarrigle

Love, love, where can you be?
Are you out there looking for me?
Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWill you come when all is still?
From the river or the hill
Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWill you come on a Saturday night?
Maybe then the time will be right
Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWhen you steal into my room
What earthly body will you assume
Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWill you come on a Saturday night?
Maybe then the time will be right
Love, love, where can you be?Love, I am waiting, heartbeats acceleratingLove, love, where can you be?
Are you out there looking for me?
Love, love, where can you be
Are you out there looking for me?Love, I am waiting, heartbeats accelerating
Love, I am waiting, heartbeats accelerating
