

Heartbeats Accelerating

Kate & Anna McGarrigle

Love, love, where can you be?

Are you out there looking for me?

Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWill you come when all is still?

From the river or the hill

Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWill you come on a Saturday night?

Maybe then the time will be right

Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWhen you steal into my room

What earthly body will you assume

Love, love, where can you be?Love, I am waiting, heartbeats acceleratingWill you come on a Saturday night?

Maybe then the time will be right

Love, love, where can you be?Love, I am waiting, heartbeats acceleratingLove, love, where can you be?

Are you out there looking for me?

Love, love, where can you be

Are you out there looking for me?Love, I am waiting, heartbeats accelerating

Love, I am waiting, heartbeats accelerating
