Hits Me Like a Rock (feat. Bobby Gillespie)

CSS

Oh, oh-oh-oooo
Oh, oh-oh-oooo
Oh, oh-oh-oooo
Oh, oh-oh-ooooIt's been so long I heard that song
It made me sweat when I sang along
And even after all this time that went pass by
It hits me like a rock and I still don't know whyTake me on your motorcycle
Run with you through the hairs
We don't care for what's wrong and what's not
I liked to be with you, without a view of what's realBut then you say we always loose our edge
But baby, baby is that too bad?You know I like you a lot
It still hits me like a rock (Ooh, oh-oh-oooo)
It still hits me like a rock (Ooh, oh-oh-oooo)
It still hits me like a rock (Ooh, oh-oh-oooo)
It still hits me like a rock (Ooh, oh-oh-oooo)It's been so long since I've heard that song
It made me cry when I sang along
And even after all this time that went pass by
It hits me like a rock and I still don't know whyYou took me if we ever collide again
You would not my brain a million times
We have too many bruises from too much kissing
And the only pain would be from too much missingBut then you say we always loose our edge
But baby, baby is that too bad?You know I like you a lot
It still hits me like a rock (Ooh, oh-oh-oooo)
It still hits me like a rock (Ooh, oh-oh-oooo)
It still hits me like a rock (Ooh, oh-oh-oooo)
It still hits me like a rock (Ooh, oh-oh-oooo)
Hits me like a rockIt's been so long I've heard that song
It made me sweat, all night long
And still after all this time
Hits me like a rock and I don't know whyBut then you say we always loose our edge
But baby, baby is that too bad?You know I like you a lot (but)
Rock, rock, rock
Hits me like a rock (hits me like a rock)
Rock, rock, rock
Hits me like a rock(hits me like a rock)
Rock, rock, rock
Hits me like a rock(hits me like a rock)
...
