

Party All The Time

Glee Cast

Holly:

Girl, I can't understand it why you want to hurt me

After all the things I've done for you

I buy you champagne and roses, put diamonds on your finger

Diamonds on your finger

Still you hang out all night, what am I to do Holly with New Directions, Alumni:

My girl wants to party all the time, party all the time, party all the time

My girl wants to party all the time (Holly: Party all the time) Holly (New Directions, Alumni):

(She party all the time, party all the time)

She likes to party all the time

(Party all the time, party all the time)

She likes to party all the time

(Party all the time) Holly (with New Directions, Alumni):

Girl, I've seen you in clubs just hanging out and dancing

You give your number to every man you see
