

Thrilled to Be Here

Plumtree

Somewhere between here and there
We fell, we fell away
Without any sense of time
Any notion of decline
Watch close I might take a fall
Watch close cause we might loose it all
And it's not hard to do
When thinking about you
We sat nearly touching skin
The bonds we keep ourselves in
And they test not one to try
And reach further up in the sky
But who can say, who can say
Cause it takes the two of us
To screw this whole thing up
Going to wake up
Going to feel good
Going to feel the way
I was meant to feel today
Everyday
Somewhere between here and there
We fell, we fell away
Without any sense of time
Any notion of denotion of decline
