Sunflower

Alice Peacock

Sunflower smiling at the sun
Your time is gonna' come
Keep your eyes on sunny skies
Your heart soars above the clouds
Sings a song out loud
For a brand new day - not so far away
Isn't it amazing - what you see
Isn't it amazing - what you do
Isn't it amazing - everything
Sunflowers in spring - they're just like you
Sunflower wipe away your tears
All your doubts and fears
You were born to fly - so high
Sunflower everybody knows
You're the one that grows in a sunny place
Such a happy face
[Chorus]
