

Ladies Man

April Wine

(myles goodwyn)

Published by goody two tunes, inc. - bmi Last night, what a scene

So cool, a gypsy queen

Some crashed, the talk of the town

So shy, when I'm around That's right, I'm a ladies man, yes I am Some girls won't let go

Most girls can't say no

First glance, I could see

Your next move was up to me That's right, I'm a ladies man, yes I am

Come and get it, I'm all yours tonight

There's no reason to be shy

There's no sittin' wonderin' why

Cause I'm a ladies man

Come and get me, I'm all yours tonight, yeah High heels, crimson shoes

Slow down, lovers groove

Just right, not too fast

Good times were meant to last That's why I'm a ladies man, yes I am

Come and get it, I'm all yours tonight

There's no need to wonder why

There's no sittin' bein' shy

Cause I'm a ladies man

Come and get it, I'm all yours tonight Yeah yeah yeah, I'm a ladies man

Come on girl, I'm a ladies man

It's alright, I'm a ladies man

Come and get me, I'm all yours tonight
