Forever Falling for You

Marie Hines

I wear my favorite dress
Put flowers in my hairYou put your blue tie on
The one I bought you last yearIll set the table, honey
If you start pouring the wineLets light the candles, love
Id rather stay in tonightMy darling, Im still falling for you
On top of the clouds
And over the moon
My darling, my heart says its true
No stopping it now
Im a fortunate fool
Forever falling for youI like this hi-rise view
With you in the springtimeWell build a house someday
Well build a home in the meantimeMy darling, Im still falling for you
On top of the clouds
And over the moon
My darling, my heart says its true
No stopping it now
Im a fortunate fool
Forever falling for you(instrumental bridge)My darling, Im still falling for you
On top of the clouds
And over the moon
My darling, my heart says its true
No stopping it now
Im a fortunate fool
Forever falling for you
