

# Been a While

Sam Feldt

It's been a while  
Since I let you  
Cross my mind  
I can let you run  
How could I let you go  
Haven't seen you around for a while  
How could I let you go  
Haven't seen you naked for a while

It's been a while  
Since I let you  
Drive a round  
I could choose you, lover  
How could I let you go  
Haven't seen you a round for a while  
And how could I let you go  
Haven't seen you naked for a while  
Haven't seen you round here for a while  
Haven't seen you naked for a while
