

# I'm On Fire

[Skeggs](#)

Hey, little boy, is your mama home?  
Did she go and leave you alone?  
Oh, got a bad desire  
Oh-oh-oh, I'm on fire  
Tell me now, baby, is she good to you?  
Does she do to you the things that I do?  
Oh, I can take you higher  
Oh-oh-oh, I'm on fire  
Sometimes it's like someone took a knife, edgy and blunt  
Put a six inch valley through the middle of my soul  
  
Oh, at night I lay at home with the sheets soaking wet  
And a freight train running through the middle of my head  
But you, you cool my desire  
Oh-oh-oh, I'm on fire  
Sometimes it's like someone took a knife, baby, edgy and blunt  
Put a six inch valley through the middle of my soul  
Oh, at night I lay at home with the sheets soaking wet  
And a freight train running through the middle of my head  
But you, you cool my desire  
Oh, I'm on fire
