

One More Night Remix

Maroon 5

You and I

You and I

You and I go hard, at each other like we're goin to war

You and I go rough, we keep throwin things and slammin the doors

You and I get so, down dysfunctional we stopped keepin score

You and I get sick, ya I know that we can't do this no more

You and I

You and I Ya baby give me one more

Ya baby give me one more

ya baby give me one more

Ya baby give me one more night You and I go hard, at each other like we're goin to war

You and I go rough, we keep throwin things and slammin the doors

You and I get so, down dysfunctional we stopped keepin score

You and I get sick, ya I know that we can't do this no more

But baby there you go again, there you again makin' me love youuuu

Ya I stopped using my head, using my head let it all gooooo

Let you stuck going on my body, on my body like a tattooooo

And now i'm feelin' stupid, feelin' stupid crawlin' back to youuuu Ya baby give me one more night

Ya baby give me one more night

Ya baby give me one more night

Ya baby give me one more night
