

# Calling All Goddesses

## Adore Delano

[Verse 1]

Hot Nights, mystify, Yeah we're all about it  
Don't tell, cast a spell, ain't no way around it  
Mermaids want to play cause we're so hypnotic  
One touch, they're in love, call me Aphrodite

Too rare not to stare, they don't want to try me  
You say shes ok, but there's no one like me [Pre-Chorus]

Ohhhh, everything we do is magic  
Ohhhh, we make other girls look tragic [Chorus]

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling... [Verse 2]

Get loud for the crowd, flashes pop the cameras  
Taboo got Medusa to Cleopatra

Stand up your with us, They know all about you  
Sirens on a mission to make it happen  
We dont need to pose its not in our fashion

Unleash all we need is a heart to blacken [Pre-Chorus] [Chorus] [Bridge]

We rule the world

All eyes on us

Get it Girl

Calling all Goddesses

We rule the world

All eyes on us

Get it girl

Calling all Goddesses [Chorus]

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling... [Outro]

We rule the world

All eyes on us

Get it Girl

Calling all Goddesses

We rule the world

All eyes on us

Get it girl

Calling all Goddesses
