

How Many Times

Bob Marley

Doo, do-do-wop, choo-whop, choo-wop
Doo, do-do-wop, choo-whop, choo-wop
Doo, do-do-wop, choo-whop, choo-wop
Doo, do-do-wop, choo-whop, choo-wop
How many times I've told you I love you?
But now you want to say that we are through
What more can I do?
What more can I say to you?
Now you're gone
Do you remember that first night we met?
That was a moment I never will forget
Love was at first sight
You came walking through the pale,
Pale moonlight
Pale moonlight
Do you remember that first night we met?
That was a moment I'll-ahh never will forget
Love was at your first sight
You came walking through the p-p-pale, p-p-pale,
Pale moonlight
Pale moonlight
