Demon Driver

Yngwie Malmsteen

My one way ride in dead end street
Leading to victory and glory
You seek, I hide, you'll find defeat
My future's in the hands of furyYou try, but never win
Can't you see I am the demon driver?
Don't lie, it is a sin
'Cuz you know I am the demon driver?I live to drive and never wait
For Guardian Angels riding by me
To speed or die, I'm never late
Wherever you are there will I beYou try, but never win
Can't you see I am the demon driver?
Don't lie, it is a sin
'Cuz you know I am the demon driver, demon driverMy one way ride in dead end street
Leading to victory and glory
You seek, I hide, you'll find defeat
My future's in the hands of furyYou try, but never win
Can't you see I am the demon driver?
Don't lie, it is a sin
'Cuz you know I am the demon driver, demon driver, demon driver, yeah
