

Farewell

$$\dot{\mathbf{i}}_i \circ \dot{\mathbf{i}}^{\sim} \bullet \dot{\mathbf{i}}^{\vee} \mathbf{S} \pm$$

Winter's close and the mountain high
 I'll start my journey now
 On this planet, we call Earth, we belong
 I want to know, why did God make me feel
 There is more to be answered
 Maybe God cannot remedy, our souls if He tried
 I seek peace of mind at least
 And to know I did my best
 I will pray for those I have loved
 I must take your farewell
 Carried by destiny, bound to obey
 I must take your farewell
 Trails of discovery, lead me an ocean away
 No one holds the only truth in his hand
 So who am I to defy even God
 In quest for a reason
 There's no time to waste, I'm afraid
 I must take your farewell
 Carried by destiny, bound to obey
 I must take your farewell
 Trails of discovery, lead me an ocean away, so far away
 When the tide is high
 I won't dwell or wait no longer
