

Incompatible

Baths

[Verse 1]

First boyfriend

You live in my house and we share a toilet seat

And I am not the least bit drawn

The covers in divisive heaps

Scared of how little I careFirst boyfriend

You live in my house and we share a toilet seat

And I am not the least bit drawn

And I am not the least bit drawn to your heat[pre-hook]]

On the nights you roll over and introduce yourself

Nurse this erection back to full health

On the nights you roll over and introduce yourself

I am elsewhere[Hook]

Failed your Maiden Voyage

Failed a Maiden Voyage

Failed your Maiden Voyage

Failed a Maiden Voyage

Fated all the while

You know that this was never your home

Your life, your husband, your time

Failed your Maiden Voyage

Failed a Maiden Voyage

Failed your Maiden Voyage

Failed a Maiden Voyage

Fated all the while

You know no love remains

No, not at all, no

No, not in either one of us[Verse 2]

You don't do anything with your life

Fascinating, terrible - your stupid idling mind

I can prod your hurt all night

Or resign and find

Any other stupid thing to do with my time

I was never poetic and never kind[Bridge]

Scared of how little I care for you

Scared of how little I care for you

Scared of how little I care for you

I am elsewhere[pre-hook][Hook]
