Declaration

Bleeding Through

Brandan Schieppati : BS
Tim Lambesis : TLBS:
The damned descend upon impurities of heart
We waste no time to start this war
A declaration, cuts you down at the knees
These false ideals will never be a part of
MeA declaration
For what you could never swear to beTL:
You're just a trend, a lamb in sheep's clothing
Time to strike the nerve and erase
I'm standing right here and we'll stand here forever
You can't destroy what you can not replaceTL & BS:
This is our time for redemptionBS:
Oh. And i see it in your eyes
A soldier of fortune in clone
This day I'll hide from your reflection in a mirror
No sanctuary, No f***ing hopeGo!Now stand to your feet
Out of your shadows and bleed to me
We are the prodigal sons and daughters
No fear of death, sorrow, or failureTL:
You're just a trend, a lamb in sheep's clothing
Time to strike the nerve and erase
I'm standing right here and we'll stand here forever
You can't destroy what you can not replaceBS:
And i see it in your eyes, a soldier of disgusting clones
You always hide hide from your reflection in a mirror
No sanctuary, no f***ing hopeLet me explain so you can understand me
you're all fake to me
let me scream so you can f***ing hear me
You're all a plague, another sickness to me
