Get With Me

3rd Storee

You should get with me
If you get with me
You should get with me
If you get with meYou should get with me
If you get with me
You should get with me
If you get with meLadies, think I just wanna hug and squeeze
Think I just wanna touch and tease
Mami, I ain't tryin' to cut and leave
I'd rather cruise the crib, let you touch the keys
Said your ex made it hot, I'mma up the degrees
But lady, it's not a game, I ain't lookin' to kill you
with corny lines
Like you lookin' familiar, never ever, ever, ever
You the one I see in my eyes
And I'm just wantin' you to be at my side
Holler at herDo I look like I'm fakin' with you
(And I) Am out to hurt you
(And I) Do care about you
(And I) Just wouldn't love you(And I) Won't get me to you
(And I) Just want it from you
(And I) Start out to please you
(And I) Could show you I'm true(If I) Gave the world to you
(If I) Showed you how I do
(If I) Make your words untrue
(If I) Tell you I need you(If I) Said my heart's for you
(If I) Can't live without you
(If I) Can't sleep without you
Would you know I'm feelin' you, baby, yeahWhat do I do (You should get with me)
To ??? (If you get with me)
You would feel me (You should get with me)
If you just let me get next to you (If you get with
me)I know I'll do (You should get with me)
Whatever it takes to please you (If you get with me)
Baby, you'll see (You should get with me)
If you just let me get next to you (If you get with
me)If you would just hear what I say
(If you) Would just look my way
(If you) Would not turn away

(If you) Would see I don't play(If you) Just listen to me
(If you) Knew what I can be
(If you) Were playin' to me
(If you) Were open to me(Then you) Would see what I'm 'bout
(Then you) Know how I get down
(Then you) Would see I can please
(Then you) Would really want me(Then you) Would see what I'm 'bout
(Then you) Would know that I'm true
(Then you) Would see that I'm into you
(Then you) You might decide to make it me and you,
girlWhat do I do (You should get with me)
To ??? (If you get with me)
You would feel me (You should get with me)
If you just let me get next to you (If you get with
me)I know I'll do (You should get with me)
Whatever it takes to please you (If you get with me)
Baby, you'll see (You should get with me)
If you just let me get next to you (If you get with
me)Wait, look
You a Glamour Miss
You don't know if I could handle or miss
Come on now, I got stamina, miss
And don't think 'cause I'm into ballin' that I'm a
control freak
I won't stop them male friends from callin'
And I ain't talkin' kids and marriage
You been hurt in the past
Not a thing, I get rid of that baggage
If we get together, cop mansion, whip together
And if I slack up I get it together
I picture your skin covered in the softest fabrics
Daytimes in the park we in a horse and carriage
Or let you push forces and karats
Don't take it as a gift, baby girl, if you my all you
could have it
And (If I) could be that dude that you want in your
life
And (If I) could put the future right in front of your
eyes
And (If I) couldn't live after all that I say
Do you think that I'd go out of my way, answer that,
mamiWhat do I do (You should get with me)
To ??? (If you get with me)
You would feel me (You should get with me)
If you just let me get next to you (If you get with

me)I know I'll do (You should get with me)
Whatever it takes to please you (If you get with me)
Baby, you'll see (You should get with me)
If you just let me get next to you (If you get with me)What do I do (You should get with me)
To ??? (If you get with me)
You would feel me (You should get with me)
If you just let me get next to you (If you get with me)I know I'll do (You should get with me)
Whatever it takes to please you (If you get with me)
Baby, you'll see (You should get with me)
If you just let me get next to you (If you get with me)
