

Saturate

Ghassemi

Taking the easy way out
Your head is so full of doubt
Searching for something thatâ€™s real
Because you donâ€™t know yourself

Your running
I can not let you go if you donâ€™t let me know
Running
Baby I love you so
Baby I love you so
I can understand if you want to leave cause you want to be free

Running
Running
You donâ€™t let me know

Running
You donâ€™t let me know

Running
You donâ€™t let me know

Running
But you keep on running
Keep on running
