Free Of Me

Joshua Radin

Something?s wrong from the hilltop
I know you can?t see
I look strong all together
Though inside I?m weak
Still I bleed
Still I wait to heal
A wound for my crime
What I need
Are more bandages
They?ve torn over time
You shelter from the rain
Turn around walk away
Go now and don?t look back
My life?s come off its tracks
And you should be
Free of me
I couldn?t be who you wanted
Somewhere down the road
When I?m whole
When the rains are done

When I?ve reaped all I?ve sown
But here and now
On my hands and knees
I crawl through the mire
And your bead is so soft and warm
I?m weary and tired
You shelter from the rain
Turn around walk away
Go now and don?t look back
My life?s come off its tracks
And you should be
Free of me
Leave me alone
I?ll find another home
I?m on my knees
Crying out please
Go now and don?t look back
My life?s come off its tracks

And you should be
Free of me
Free of me
