Victimized

Slapshot

I got a bad bad feeling that I've got nothing to give
???
??
Call 911
You know I'm waiting
I said I waited
I said I waited
The policeman came and read me my rights
I went quietly, I didn't put up a fight
Someone find me a good lawyer
No need to worry
No need to worryI'm victimized - victimized
I'm victimized - victimized
I'm victimized - victimizedI'm out on bail and I'm out of jail
And I'll say it's because the system failed
???
And I'll live it up before the trial
Before the trial
Before the trial
I'm high and wanted when I take the stand
The beers were getting sober out of hand
I'm glad he beat me senseless
And she hooked him
The lord help themI'm victimized - victimized
I'm victimized - victimized
I'm victimized - victimizedOnly served one year in a federal pen
And when I get out I can do it again
Just say that I was the victim
I was the victim
I was the victim
My right to bear arms is guaranteed
and I'll pay my lawyer with my royalties
The book deal and the movies made me wealthy
Yeah, I'm a rich man
Now I'm a rich manI'm victimized - victimized
I'm victimized - victimized
I'm victimized - victimized
