Made Me Madman

Backyard Babies

(dregen, borg, blomquist)One got down three to go
Well, everybody cares but no one seems to show
`cause when I wake up in the morning I canÂ´t feel bad
For the party that we never hadV.i.p. for the coolest he
A kick for the teeth on the boy without a record deal
ThatÂ´s how it is
Four got down but for the next time
We might hang aroundWow! yeah! I might make a man mad
Wow! yeah! `cause you made me madmanAll the trouble that has stuck with us so long
And all the problems that have fucked with us so wrong
Not in right time fatso!
Straight in line forget-so now!Wow! yeah! I might make a man mad
Wow! yeah! `cause you made me madmanWow! yeah! I might make a man mad
Wow! yeah! `cause you made me madmanWow! yeah! I might make a man mad
Wow! yeah! `cause you made me madman, now
