

Miner At The Dial-A-View

Grandaddy

I found your house and I saw your car
But I've no idea where you are
From the dial-a-viewTire scraps on the federal roads
Look like crash landed crows
From the dial-a-viewHello welcome to dial-a-view
To locate the area in which you wish to observe
You must program in the longitude and the latitude
For a closer more detailed picture
Use either the zoom or micro-zoom controls
Good luckI dream at night
Of going home someday
Somewhere so far away
So dream alright
I know it's going to take some time
I'm going home somedayFifteen years is almost done
And I don't recognize anyone
From the dial-a-viewMy home my friends and you
I watch them fade but what can I do?
From the dial-a-viewHello welcome to dial-a-view
To locate the area in which you wish to observe
You must program in the longitude and the latitude
For a closer more detailed picture
Use either the zoom or micro-zoom controls
Good luckI dream at night
Of going home someday
Somewhere so far away
So dream alright
I know it's going to take some time
I'm going home somedayI dream at night
Of going home someday
Somewhere so far away
So dream alright
I know it's going to take some time
I'm going home somedayI dream at night
Of going home someday
Somewhere so far away
So dream alright
I know it's going to take some time

I'm going home someday
