Killer Of Giants

Ozzy Osbourne

If none of us believe in war
Then can you tell me what the weapon's for?
Listen to me everyone
If the button is pushed there'll be nowhere to run
Giants sleeping giants winning wars within their dreams
Till they wake when it's too late and in God's name blaspheme
Killer of giants threatens us all
Mountains of madness standing so tall
Marches of protest not stopping the war
Or the killer of giants, the killer of giants
Mother nature people state your case without it's worth
Your seas run dry your sleepless eyes are turning red alert
Killer of giants threatens us all
Mountains of madness standing so tall
Rising so proudly it has nowhere to fall
This killer of giants, this killer of giants, yeah
Killer of giants threatens us all
Mountains of madness standing so tall
Marches of protest not stopping the war
Oh the killer of giants, oh the killer of giants
Killer of giants, killer of giants
