Satanikus Robotikus

Cathedral

Supergod of Evil, casting his spell on the Earth
Beware of clockwork devils spreading the word
Don't let them robots fool you about their man in the sky
'Cos in their quest to rule our world, we are witches at the trialSeek, destroy, kill
God's Satanik Robots
Control your brainwashed mindThey're selling you eternal life through a T.V. screen
Their crucifix is a dollar sign in disguise
They're sending you to the Heavens but first you pay for the flight
You live beneath a Pentagram, send your cash to The Lord of the FliesSeek, destroy, kill
God's Satanik Robots
Control your brainwashed mind
