As Above So Below

Cindergarden

Pretend I had a heart
And nothing was in vain but I've always been
Damned in here these dreams were nothing but a stain
Another face to hide the truth
Of what inside remainsIs this the hell I was hoping for?
Leave me here eternally
Suffer for the lies told
And all the evil things you hold
The only thing I seeMake a wish blow out the light
Betraying the path is my favorite way to die
Crippled form fake it's not a lie
Caught up in the storm of ash
Too many kills to see the skyIs this the hell I was hoping for?
Leave me here eternally
Suffer for the lies told
And all the evil things you hold
The only thing I seeTrace the lines through the brain
Memories that cannot hide inside these walls again
Is there anything left in here to find?
That hasn't been fucked
By all the rotted static kept in mindIs this the hell I was hoping for?
Leave me here eternally
Suffer for the lies told
And all the evil things you hold
The only thing I see(As above so below
As above so below
As above so below
As above so below....)
