The Second Ring Of Power

Unholy

Did I hear that Voice
or was it just a hallucination?
And what about those Shapes (Allies)....
For fourteen Days I haven't slept
Still my Shadow the secret of my life kept
By going through a long period of DepressionI reached a permanent state of enlightment
I'm the Master above you bunch of slaves
I'm the Demiurge, creator of this universeMaster of not-doing
I, myself not fooling
The God of not-being
Everything as it is seeingNear my death I saw
the white Gate of Death calling
There I didn't fall in
Let Self die
Loosen Souls Dimension
For Sorcerer exhaustion brings ecstasy!
