

# Rake

## Skrape

We choose skin to refine  
It shows in good time Rake it, you cut inside of me  
Grind it, you pick apart again  
(Boy)  
Fight it, you never 'sume to face  
(I'm lying)  
Hate it, I wish I could escape All these things we're sayin', I don't care about  
All these things we're sayin', I don't care about We don't change your mind  
Strange, I don't decline Rake it, you cut inside of me  
Grind it, you pick apart again  
(Boy)  
Fight it, you never 'sume to face  
(I'm lying)  
Hate it, I wish I could escape All these things we're sayin', I don't care about  
All these things we're sayin', I don't care about
