Skywalker

Project Dirty

I'm a skywalker
Walking on the air tonight
And no i'm not coming down
I'm a rocketship, baby i was born to fly
You can say i've got my head in the clouds

So come with me
Where all the stars'll be
I'm a skywalker
Walking on the ait tonight, tonight, tonight, tonight, tonight

I'm so on top now
Skyscraper
I'm on that next round
Tell the waiter

I'm on some other ship
Space invader
Adios, mother mother see you later
Going once around the moon
And i'm only asking you
To follow

All i wanna do
Is live like there's no tomorrow

I'm a skywalker
Walking on the air tonight
And, no i'm not coming down
I'm a rocketship
Baby, i was born to fly
You can say i've got my head in the clouds

So come with me
Where all the stars'll be
I'm a skywalker
Walking on the air tonight, tonight, tonight, tonight,tonight

Let the gravity
Pull you closer

You looking good to me
