

Almost Home

Mariah Carey

Hey, hey.....
You're almost home
You're almost home
You're almost homeI've seen the light in the sky
In the skies are like fireflies
Burning bright
Just to vanish in the darkI've held hope in my two hands
That there would be another chance
To find the kingdom, I'm believing in my heart
Cause underneath the good
There's something greater than you knowWhen you're almost there
And you're almost home
Just open up your eyes and go, go
When you're almost there, almost home
Know you're not alone
You're almost home, home
(You're almost home)When you run, run so far
You've forgotten who you are
Where you're from, it's like some other universe
You count your steps, like they're regrets
You catch one breath then lose the rest
Wrong is right, right is left
And there's nowhere left to turnSo don't believe in everything
You think, you think you knowWhen you're almost there
And you're almost home
Just open up your eyes and go, go
When you're almost there, almost home
Know you're not alone
You're almost home, homeWhen you let your heart be the compass
(It will always lead you home)
You won't get lost, not if you trust it
(It will always lead you home)
When you hear the sound of the trumpet
Louder than ever beforeOh, when you're almost there
Almost home
Just open up your eyes and go, go
Cause you're almost there
Almost home
Know you're not alone

You're almost home, home, home, home When you're almost there

Almost home

Just open up your eyes and go, go

Almost there

You're almost home

Know you're not alone

You're almost home, home, home, home
