

Get Mine

Rival Sons

1- As long as I get mine
It really don't matter to me
It really don't matter to me
If I give you what I want
Give me what I want
Hit me off and baby I'm straight

Repeat 1

Boy I heard that you're girl
Thinks that you are the one
I know she know about me
And I don't care if she's
Hating me just as long
As you keep getting me
Diamond rings and all those things
That just makes me happy

Repeat 1(2x)

Tell your girl don't call me
When she finds out that we
Go on trips, buy me gifts
And all those things that she needs
It ain't my fault that you don't do
All those things that I do

He's calling me

He's making you look like the one who's a fool

Repeat 1 (2x)

I don't wanna hear that you're only for me, oh no
And I, I don't want to be in her shoes, oh no need
So you just keep satisfying my needs
And I won't interfere with your girl and your world

And I will be right here

(As long as I get mine)

(As long as I get mine)

Repeat 1 (4x)
