

Hometown Hero

Babylon Bombs

Remember how it was? back in school
Dressin our readiest and acting real cool
We lived our lives like our heroes
with no rules

Me and Annie had these cool guitars
Always playin and actin like stars
Lotta smokin
Headin down the bars
Oh yeah

Ill never be your hometown hero
I guess thats just the way that it goes
You always said that im a right dead zero
I guess im not cut out
I guess it shows

Thats how it was thats how it is today
I couldnt have done it any other way?
Youll stand up and scream

No regrets theres no need to cry
Break down walls just me and the sky
I wont give in at least until I try
Oh yeah

Ill never be your hometown hero?
I guess thats just the way that it goes
You always said that im a right dead zero
I guess im not cut out
I guess it shows

Ill never..
