Wiped Out (full album)

The Neighbourhood

Lost and afraid
Young and innocent but getting older
I don't wanna be alone
I don't wanna be alone
Short burning blade is
Uneasier subconscious soul
I don't wanna be alone
I don't wanna be alone
My current state
Is heavy
Hope it's a phase or something
Don't let me goUp and away, I'm an alien
I need a moment
I don't know what to believe
All I wanna do is leave
What can I say that would make this seem
Make you need me?
Maybe I won't ever know
Maybe I'll end up alone
Running in place
(Circles, in circles with you)
Don't mind me
Out in the rain
Watch me goI don't wanna let you down
So promise you won't let me drownI can feel the way that I'm feeling
The feeling inside my head
I got the pressure that's pushing my buttons
And making me think about death
I got some mixed emotions
About how I need to handle the stress
I get off of it because of the money
It's making my tummy upset
I can feel the way that I'm feeling
The feeling inside my head
I got the pressure that's pushing my buttons
And making me think about death
Somebody find me and fast
Look what I did to myself and my friends
Emotions and paying the rent

Emotions and paying the rent
